# WHOLESALE LIST

for the Nursery Trade

Lining Out Shrubs

Lining Out Evergreens

Lining Out Shade Trees

Finished: Shrubs, Vines,

Shade Trees, Fruit Trees

and Small Fruits

Members of  
American Association of Nurserymen  
Ohio Nurserymen's Association  
Michigan Nurserymen's Association  
Indiana Nurserymen's Association

All orders are packed to arrive in first class condition and we solicit your business on our ability to serve you honestly and quickly with good stock.

We ship by B. & O., N. Y. C., Pennsylvania and D. T. & I. railways, by Truck Line Freight or Railway Express.

**TERMS:**—Sixty days net to parties of approved credit established in advance of shipment. Cash with order 3%; 2% for payment within ten days of invoice, 1% 30 days. C. O. D. orders must be accompanied by  $\frac{1}{4}$  cash deposit. Boxing and bailing are charged for at cost. When cash accompanies order boxing will be billed to those of established credit, otherwise boxing charges will be sent as C. O. D., with shipment. We assure you that this additional charge will be reasonable and at actual cost. 5 or more at 10 rate; 25 or more at 100 rate. Less than 5 will be charged 25% higher than 10 rate. Any possible claims for rejection or deficiency must be made within ten days after arrival of stock. All shipments travel at cost and risk of the purchaser except when otherwise agreed. (See boxing table on page 32.)

# ADDITIONAL LIST

## OF LINING OUT STOCK

As of February 6, 1941

### BURTON'S HILL TOP NURSERIES Casstown, Ohio

At this time of year after many items are graded and others have received a more complete count we find we have some additional grades to list. In some varieties not listed before we find we can spare some lining out sizes. Also certain items are sold out and are marked to "CANCEL" from consideration. The items not mentioned in this supplement are still to be found in the attached list marked Fall 1940-Spring 1941.

We recommend to you early ordering for your own satisfaction in securing complete lists.

J. Howard Burton

8 to 12 in. T "CANCEL"		
Tsuga canadensis,		
Pot grown 9 to 12 in. "CANCEL"		

(Block of 2 yr. Apples)

### LINING OUT SHRUBS

Our lining out shrubs are mostly cutting grown and transplanted once in rows in the field where they have grown one or two years except those varieties customarily grown from hard wood cuttings. All seedlings, whether one year or two years of age, are specified as "S". Our pot grown shrubs are grown one full year in the frames out doors or are wintered over in a cool greenhouse. Our plants are of good size but not thin from over fertilization. They give excellent stands in the field and make new friends for us and keep the old ones.

### DECIDUOUS GRAFTS

The understocks for these deciduous grafts are established one year in 2 $\frac{1}{4}$ " and 2 $\frac{1}{2}$ " deep rose pots before grafting thereby insuring a well established and pot bound plant.

	Per C
Acer palmatum atropurpureum, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	25.00
Carpinus betulus pyramidalis, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	25.00
Cornus florida rubra, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	20.00
Corylus avellana atropurpurea, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	20.00
Corylus avellana aurea, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	20.00
3 yr. grafts, 3" pots,	30.00
Fagus sylvatica riversi, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	25.00
Horsechestnut, pink flowering, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	35.00
Liriodendron tulipifera pyramidalis, 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	25.00
Viburnum burkwoodi, (The pink flowers resemble those of Viburnum carlesi, one of its parents, but blooms occur earlier and are intensely fragrant. The foliage is semi-evergreen and is hardy. A much more vigorous grower than Viburnum carlesi and the long stems make it a good subject for cutting.) 8 to 12 in. grafts, 2 $\frac{1}{4}$ " pots,	40.00

## EVERGREEN GRAFTS

These grafts are out of 2¼" and 2½" deep rose pots and are on strong well established understocks of the same families, ie: Juniperus are grafted on Juniperus virginiana understocks; Kosters Spruce on Spruce, etc.

For shipment we wrap the pot balls individually in sphagnum moss then in waxed paper to preserve the moisture and prevent undue breakage of the ball. We know of no better method of packing grafts.

Fifty of one variety at the hundred rate and two hundred fifty of one variety at the thousand rate. Graft orders should be in early. Deciduous grafts immediately preceding.
